WHO WE ARE

An audit-ready partner, based in Oman.

Gulf Calibration & Safety Inspection Services LLC (GCS) is an Omani independent calibration, NDT, inspection and HSE training company. We were established to give industrial operators an audit-ready alternative to fly-in international laboratories — with technicians, metrologists and inspectors based locally, mobilising from the closest of our two offices and five service hubs.

We hold ISO/IEC 17025, ISO/IEC 17020, ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 certifications, and are a LEEA Full Member. Every certificate we issue is traceable, audit-defensible and signed by a competent person on our staff.

“We protect what matters — your assets, your compliance and your people.”

WHAT WE DO

Six service families, one trusted partner.

01 Inspection & Certification

Lifting Equipment Inspection · Lifting Operations Management · Load Testing · Oil & Gas Services · Compliance & Certification · Inspection Management

02 NDT & Integrity Testing

Non-Destructive Testing (UT, PAUT, TOFD, MPI, DPI, RT, ECT) · Vessel, Tank & Pressure (API 510/570/653) · Welding & Coating QC · Electrical Testing

03 Calibration & Metrology

ISO 17025-aligned calibration: pressure, temperature, mass, dimensional, torque, flow and gas-detector calibration with traceable certificates

04 Reliability & Engineering

Reliability Engineering (RCFA, RAM, predictive maintenance) · 3D Scanning & Digital Twin · Pre-commissioning & Commissioning

05 Surface & Access

Surface Preparation & Coating (blasting, industrial painting, protective coatings, corrosion prevention) · Scaffolding design, inspection & training

06 HSE & Training

HSE management, consultancy, risk assessment, PTW & emergency response · 35+ accredited safety & operator training courses, bilingual delivery

CERTIFICATIONS & MEMBERSHIPS

Accredited, independent, accountable.

<p>ISO 9001:2015 Quality management system</p>	<p>ISO 14001:2015 Environmental management system</p>
<p>ISO 45001:2018 Occupational health & safety management</p>	<p>LEEAA Full Member Lifting Equipment Engineers Association</p>

INDUSTRIES WE SERVE

Oil & Gas (upstream, midstream, refining, petrochemicals)	Construction & Infrastructure			
Logistics & Ports	Power & Utilities	Mining & Minerals	Manufacturing	Marine & Offshore
Renewables & Hydrogen	Public Sector & Defence			

WHERE WE OPERATE

Two offices and five service hubs across the Sultanate
 Muscat HQ · Duqum Branch · Sohar · Nizwa · Salalah · Sur · Ibri
 Same-day mobilisation inside the Muscat metropolitan area; 24-hour mobilisation standard everywhere else in Oman.

WHY GCS

Precision, independence & accountability.

- **Independent third-party reporting**
Recognised by EPC and oil & gas majors operating in Oman — no conflict of interest.
- **Accredited & traceable**
ISO 17025 / 17020 accredited; every certificate signed by a competent person and audit-defensible.
- **Local, fast mobilisation**
Crews based across Oman — 24-hour mobilisation standard, same-day in Muscat metro.
- **One partner, every discipline**
Calibration, NDT, inspection, integrity, surface, reliability and HSE training under one roof.
